About Aberdeen Cyrenians

First started by Aberdeen University students as a soup kitchen, Aberdeen Cyrenians now put the needs of North East Scotland's most vulnerable and socially excluded people first — leading at the frontline of service, care and influence for 50+ years.

Aberdeen Cyrenians work continuously to shift perceptions and change the outlook on homelessness and vulnerability in society — the reality often differs drastically from the 'labels' that people use when thinking of those who need support. Not accepting the current perception of homelessness is something that underpins Aberdeen Cyrenians' work. Our approach puts the reality of these situations front and centre.

This reality reminds us that anyone can find themselves in difficulty, and Aberdeen Cyrenians exist to support anyone and everyone — whether they're living on the street, at high financial risk, in an abusive living situation, struggling with mental health issues, struggling with substance addiction or involved in the justice system. Our core values support a mission that prioritises close assistance, unique care and standing steadfastly by people in the midst of their most vulnerable moments.

It's the passion and integrity of Aberdeen Cyrenians that makes us a formidable force against homelessness, abuse, violence and social exclusion — we make a lifechanging difference when working alongside the people who need their support the most.

Our Vision

A fair and just society where the most vulnerable in our community are supported. We pioneer new ways of working, advocate on behalf of those we support and use our voice to call for systemic change.

Strategic Priorities

Our strategic priorities are:

- consolidating and retaining our existing services
- identifying opportunities for controlled growth
- establishing social enterprises to support the charity
- building a property portfolio to diversify our income.

We have a detailed 3 year business plan which is reviewed regularly.

Our approach

Aberdeen Cyrenians exist to support the North East of Scotland's most vulnerable and socially excluded people. We are passionate, honest and inclusive advocates for change — offering practical life-changing support to service users, challenging wider perceptions of social issues and continuing to be the first to stand up against social exclusion, abuse and homelessness.

The journey of Aberdeen Cyrenians is one of firsts. We operated the first women's hostel and rent guarantee schemes in Aberdeen, the first wet hostel in the UK (allowing residents to safely consume alcohol as part of a harm reduction programme) and more recently, led the first Housing First programme in the city as part of the national pathfinder programme.

Aberdeen Cyrenians put the needs of North-East Scotland's most vulnerable and socially excluded people first leading at the frontline of service, care and influence for 50+ years. We lead from the front line of service, care and influence.

We will continue to be first to stand up against homelessness, abuse, violence, social exclusion and other crisis.

As a local independent charity, we work in partnership with a wide range of local organisations and collaborate with other similar organisations in a national forum.

Our Staff:

- Work with vulnerable people who are often on the margins of society
- Support Service Users to build a positive future, resolve their current issues and move towards a positive outcomes
- Provide non-judgemental practical and emotional support
- Understand that each service user is different, shaped by their own lived experience, and tailor their support accordingly
- Pioneer new ways of working focused on assertive intervention and goal/outcome orientated support.

We currently employ 130 staff across the 10 projects and services that we operate from six sites in Aberdeen.

You can find out more about our services at www.weareac.org/our-services and our finances from our annual reports which are available at www.weareac.org/about-us.

We receive a large volume of applications at times and make appointments to our Board based on skills and experience. You should therefore note that not all applications to join our Board are successful. If your application is not successful, you are welcome to explore alternative volunteering opportunities with us.
- If following the informal meeting we wish to progress your application, you will be invited to attend a Board Meeting as an observer. Thereafter, if you still wish to join our Board, you will be appointed in line with our Articles of Association, either by Director resolution or at our Annual General Meeting, subject to you meeting the requirements outlined above.
- You must at this stage apply to become a member of Aberdeen Cyrenians. Board Members are appointed for an initial three year term, and must be re-appointed every three years.

*"We believe that if you give a bed to someone in need of a home,
a meal to someone who is hungry
or shelter and warmth to someone who is cold,
then their problems will be only resolved in the short-term.*

*However, if we give someone who has not had a fair chance in life time to express
their problems and give them understanding, caring advice, new opportunities and life
and work skills, then they will have a real chance to lay foundations which will enable
them to contribute positively to society in the long term."*
